EDUCATION

- **Dayananda Sagar College of Engineering** Bangalore, India
B.E.-Computer Science and Engineering; GPA: 8.72 DEC 2022 - JULY 2026
- **Saint Joseph's School** Bihar, India
Class 12th; Percentage: %93 2021
- **Saint Joseph's School** Bihar, India
Class 10th; Percentage: %94 2019

SKILLS SUMMARY

- **Languages:** C , Java
- **Skills:** WordPress , HTML , CSS , JavaScript , React.js , Bootstrap , Redux , Tailwind Css,Node.js
- **Tools:** Git , Github , Visual Code Studio

PROJECTS

- **Portfolio Website:** React.js , Tailwind Css- [Demo](#)
This is my Portfolio Website.In this website I utilized ReactJs and TailwindCss to create the website.The website has all my social links through which you can know about me and also you can contact me through the given links.
- **University Website:** React.js - [Demo](#)
I have developed a university website that provides comprehensive information about the university. I utilized React.js to create the website, and it is designed to be responsive. The website includes various sections, such as a program section that offers details about the courses offered, as well as student testimonials.
- **Indian Tourism Heritage:** HTML,Css,Javascript [Demo](#)
I have developed this website to promote our Indian culture and heritage. We can visit our UNESCO heritage sites virtually through our website. The map also shows the important places to visit and gives us information about the heritage site. I developed this website using HTML, CSS, Javascript, and Bootstrap.
- **Social Media Website:** React.js , Tailwind Css - [Demo](#)
I have built an engaging social media platform using React.js and Tailwind CSS. The website offers users the ability to create posts on a wide range of topics and provides the option to delete them at any time. Additionally, the website is designed to be fully responsive, ensuring an optimal user experience across various devices.
- **ToDo App:** React.js , Bootstrap - [Demo](#)
In this app, we can add our everyday tasks, which will be displayed to us. After the task is completed, we can delete it. This app is based on React.js and Bootstrap. It will help us track our everyday tasks more efficiently.

ACHIEVEMENTS

- **Smart India Hackathon 2024** :Cleared the internal round of SIH 2024
- **LeetCode** : Solved more than 100+ Dsa questions.
- Secured **Rank 02** in Technical Quiz contest 2nd sem organised by department of ISE,DSCE
